YUNIBESITHI YA PRETORIA

Faculty of Engineering, Built Environment and Information Technology
Department of Architecture

To whom it may concern,

RECOMMENDATION: MS JULIA TUCKER

It is with great pleasure that I recommend Ms Tucker. Julia was an undergraduate student in the Programme for Interior Architecture at the University of Pretoria, South Africa. I was her design studio master during her final year of study in the undergraduate programme, which she completed cum laude.

Julia has consistently produced work of a high standard and set the pace for the class during her studies. She is a self-starter, very driven - whilst responsive and self-aware. I have been most impressed by her passion, creativity and confident approach to design challenges. Her judgement and outlook ensure an approach which is personal and refreshing. She is also a most dependable team player.

Julia possesses the natural intuitive design talent that is highly sought after in the industry; therefore, she would be an asset to any employer. I am pleased to endorse her future endeavours.

Sincerely,

Miss Nonkululeko Grootboom
